

Horse Races on the Day of the City

After a three-year-long pause in Leskovac racetrack, equestrian club "Dubocica" organized a traditional race on 11 October. This race was established way back in 1936. It was maintained continuously for 73 years, but in 2010, by the decision of the municipality leaders of that time, its maintenance stopped due to lack of money. Given the fact that such a long and beautiful tradition does not break easily, the City Council has recently passed a decision on financial assistance in organizing the race in the amount of RSD400,000. Equestrian Club Leskovac is one of the oldest in Serbia. It was founded in 1924. There are about 30 first-class horses on this horse farm, and horse owners invest a lot of love, energy and willingness into their hobby. Leskovac racetrack is the only one from Pozarevac to the Macedonian border.
